Thanks Karen. I received both emails from you. We will not distribute beyond Karl, Bob, and myself here.

Bob, these are saved to: **Ex. 6 - Personal Privacy** env data.
Bob, do you want me to ask Al to prepare a hard copy printout set of these for you or would you prefer to review them electronically?

Karen, what we have from the residents is from the Sautner's and **Ex. 6 - Personal Privacy** Bob will have to get permission from them to share with EPA. Perhaps that is something that can be accomplished next week in the visits?

Lora- Scott isn't too psyched about me sending this along, so please keep distribution limited it does have personal info included. Thanks!

This is one of two sets of files. There are 18 water supplies affected, and 19 residences. **Ex. 6 - Personal Privacy** share a water source with there son on the property.

Seth – can you get Karen sample data from Dimock?

Karen - Thanks for the offer to go to Dimock and meet with residents. I've done that on several occasions already. My inclination is to decline.

So what else is new right?

FYI the Research sampling is taking place at the 2 residences in Dimock today.. **Ex. 6 - Personal Privacy** are the only ones...but also,

Despite the sifting through the calls to find that only 3 of the 30+ calls from concerned citizens are from residents that have well problems, our Regional Administrator's special assistant thinks someone needs to go up there and talk to the residents. Unfortunately the community involvement coordinator who volunteered needs someone technical to go with her and I've been appointed. At this point she wants to knock on the doors of the Carter Road residences and offer to hear their "concerns". They still have not offered to share any data. Could you have someone PDF me some sample data from pre-drilling and post drilling that Cabot took so I know what was known at the time of your Order? If we do this I at least want to know what was there and whether it is anything different, so I can pass it along...

...also anyone you want to send along?? Sometime in the next week or so. The only time I have available is Veteran's day and that Saturday, and maybe Nov 16th-17th, since **Ex. 6 - Personal Privacy**

I have to head out to an appointment later today but I'll be checking my email later this evening.if you can send anything along.....THANKS!
